The Archive collections are comprised of both digital and physical records including documents on the university’s history, and the records of several national engineering organizations.

University Archives Collection

The UOIT Archives is the repository for the historically important records of the University such as University of Ontario Institute of Technology (UOIT) brochures, calendars, commencement programs and other items.

The Archives does not include student records, personnel records or financial records of the university.

National Organizations & Member Societies:

The Library also holds the official archival collections from the:

- Engineering Institute of Canada (EIC);
- Canadian Society for Civil Engineering (CSCE);
- Canadian Society for Mechanical Engineering (CSME);
- Canadian Society for Senior Engineers (CSSE);
- Canadian Academy of Engineering (CAE); and
- Canadian Nuclear Society

**Engineering Institute of Canada (EIC)**

The collection consists of 1,980 records organized by series and includes paper and digital files, photographs, and other items. Nineteen Engineering Journal volumes have been digitized and are now available through open access on the internet: [archive.org/details/journalofengineer01eng]

A library guide with collection and series finding aids is available through the website: [guides.library.uoit.ca/archives](http://guides.library.uoit.ca/archives).

---

**Campus Libraries has become the home for the archival collections of several national engineering societies.**

---

**Canadian Society for Mechanical Engineering (CSME)**

The Canadian Society for Mechanical Engineering (CSME) collection was acquired in 2010 and consists of 866 records. The collection has been organized by series (Committees; Branches; Correspondence; Education; Publications including Transactions, Bulletins and Proceedings; etc.) and consists of paper and digital files. One of the highlights in this collection is the tribute and honour paid to the organization’s 25th Anniversary.

A library guide with collection and series finding aids is available through the website at: [guides.library.uoit.ca/archives](http://guides.library.uoit.ca/archives).

---

**Canadian Society for Senior Engineers (CSSE)**

The Canadian Society for Senior Engineers (CSSE) was established in 2002 as an incorporated member society of The Engineering Institute of Canada. The collection includes materials from the society consisting mainly of digital files. Items received in paper format have been digitized.

The highlight of this collection thus far is the biographical information of the digitized vitae which recognizes the incredible contribution of member engineers.

A library guide with collection and series finding aids is available through the website: [guides.library.uoit.ca/archives](http://guides.library.uoit.ca/archives).

---

**Canadian Academy of Engineering (CAE)**

The Canadian Academy of Engineering (CAE) comprises many of the country’s most accomplished engineers, who have expressed their dedication to the application of science and engineering principles in the interests of the country and its enterprises. The academy is an independent, self-governing and non-profit organization established in 1987.

The academy is an active member of the International Council of Academies of Engineering and Technological Sciences (CAETS), which involves 26 leading countries.

Members of the Academy are nominated and elected by their peers to honorary Fellowships, for their distinguished achievements and career-long service to the engineering profession.

The CAE archives collection includes various publications of the association and membership directories.

A library guide with collection and series finding aids is available through the website: [guides.library.uoit.ca/archives](http://guides.library.uoit.ca/archives).
